For the Glory of Old State
For her founders strong and great,

For the future that we wait,
Raise the song, raise the song.

Sing our love and loyalty,
Sing our hopes that, bright and free,

Rest, O Mother, dear, with thee
All with thee, all with thee.

When we stood at childhood's gate
Shapeless in the hands of fate,

Thou dids't mould us dear old State.
Dear old State, dear old State.

May no act of ours bring shame
To one heart that loves that name,

May our lives help swell they fame.
Dear old State, dear old State.

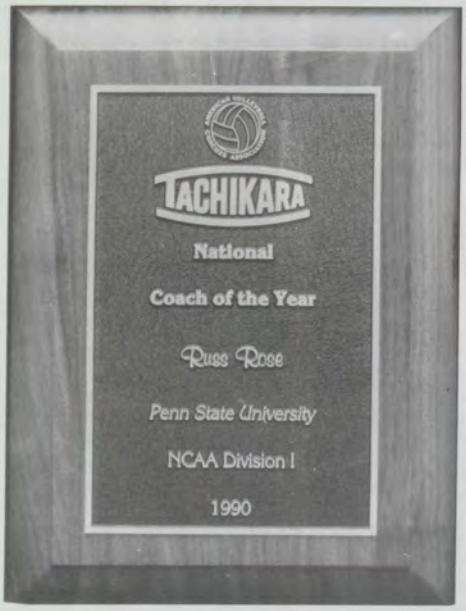
RUSS ROSE
Head Coach



In 1990, Russ Rose became the first Division I coach to be voted Coach-of-the-Year by members of the American Volleyball Coaches Association and the editors of Volleyball Monthly in the same year. During that historic season, Penn State, with three senior All-Americans in the starting lineup, steamed into the championship match of the Mideast Regional with a perfect 44-0 record.

The Lady Lions were only the fifth team in Division I history to complete its regular-season schedule unbeaten. The winning streak was the sixth-longest in NCAA history.

Judging by the outstanding performance of the 1991 squad, a case can be made that Rose was just as deserving of Coach-of-the-Year honors last season. With a far less experienced lineup than the one he fielded in 1990, Rose again directed Penn State to the NCAA Mideast Regional and, in the school's first year of competition in the perennially powerful Big Ten Conference, to a solid second-place finish.

Last season, Rose started two freshmen — setter Salima Davidson and middle blocker Jenny Myszewski — and a redshirt junior, outside hitter Sue Boner, who had received limited playing time over her first two seasons. Relying on veterans Leanne Kling, Jenny Schuller and Kim Kumfer to provide stability on the court, Rose whipped the unit into a title contender that won 26 of 32 matches, earned a Top 20 national ranking and extended Penn State's streak of NCAA Tournament appearances to 11. Only five other schools have participated in every NCAA Tournament.

In addition, four Lady Lions were voted to the all-conference teams and three — Davidson, Kling and Schuller — were All-Mideast Region picks. Equally impressive was the fact that seven Lady Lions were honored as Big Ten Academic All-Conference selections.

Penn State again played phenomenally well at home, winning 17 of 18 matches. Since 1980, Penn State's record in Rec Hall is an astounding 166-8 (95.4 percent).

Rose is one of the winningest coaches in Penn State history. In addition to the national recognition he has received, Rose has been selected coach-of-the-year in the Mideast Region, Northeast Region (four times) and Atlantic 10 Conference (six times).

Under Rose, Penn State experienced unprecedented success in the Atlantic 10 Conference, winning eight straight championships. In seven seasons of round-robin play, Lady Lion teams never lost a conference match, reeling off 49 consecutive wins. The 1990 season was Penn State's last in the Atlantic 10 and it proved to be one of

ROSE'S COACHING PHILOSOPHY

Russ Rose has taken Penn State from the regionally competitive level to that of a perennial National Collegiate Athletic Association Tournament team in the 13 years since he took over the Penn State volleyball program.

The development has been complete and successful, because of excellent talent and an equally sound method.

Following is the "Rose Coaching Philosophy:"

Coach's Role

"I believe the coach has various roles that require constant control and attention.

"First, and foremost, is the recruitment of quality student-athletes. With good coaching, student-athletes become the real key to a team's success.

"Secondly, I have to relate to the players what I feel is important for their growth and success. All the knowledge in the world will prove to be useless if you can't prepare your team for competition.

"Third, I have to prepare the team both physically and mentally. The physical preparation is easy as the Penn State environment encourages the pursuit of excellence. The mental aspect of our players' development is one of the keys that separates us from our competition.

"Through our admission to the Big Ten Conference, Penn State has made a commitment for us to play the best teams available. We regularly compete before some of the largest crowds in the country. Last year, the Big Ten led the nation in attendance.

"Outside the Big Ten, we play a very competitive non-conference schedule. We annually meet teams during the regular-season that have advanced to the Final Four.

"I believe that the only way to see where our team is and where we aspire to be, is to play the best teams available.

"Looking ahead to 1993, we will open our season with a tournament in Hawaii, playing the University of Hawaii and UCLA, two perennial national powers."

Fundamentals

"I believe that you need to have good, sound, basic fundamentals if you hope to be competitive. The success of any team is based on the athlete's commitment to fundamentals. I will never sacrifice the time necessary to develop a strong foundation. This is where our team's discipline and confidence is first introduced and developed."

Team Play

"In my opinion, volleyball is the ultimate team sport. You must communicate and sacrifice to be successful. All players must possess a wide variety of skills and be willing and able to play together. My approach is to select the best combination of players who will play together and at the same time seek to fulfill their own roles.

"The team that is willing to emphasize the pursuit of excellence at its own personal expense is the team that most often succeeds."

Team Defense

"Team defense is one of the aspects of coaching that I really enjoy. The pursuit of the ball in a game can only occur through preparation and repetition. I believe that everyone in the program is responsible for defense. Our defensive philosophy is to keep the ball in front of us and to keep it off the floor. We will dive for balls, and we will sacrifice our bodies to keep the ball in play. Our defense is one of the most exciting in the 16-year history of the program.

Triumphant in all 42 regular-season matches, the Lady Lions swept Purdue and Big Ten Conference champion Wisconsin in the first two rounds of the NCAA Tournament. Of the team's 44 wins, 40 were sweeps, a school record. Penn State, 12-0 against opponents who participated in post-season play, lost to Nebraska in four games in the Mideast Regional championship match.

Penn State was ranked sixth in the final Tachikara Coaches Poll of 1990, the program's highest ranking ever.

Three Lady Lions — seniors JoAnn Elwell, Michelle Jaworski and Noelle Zientara — were recognized as Division I All-Americans by the AVCA and Volleyball Monthly.

Rose's record after 13 seasons at Penn State stands at 438-93, an 82.5 winning percentage that ranks among the top five all-time. His squads have secured 30 or more wins in a season 10 times and 36 or more victories five times.

Voted Northeast Region Coach-of-the-Year four times, Rose earned Penn State victory No. 400 October 29, 1990.

A five-time nominee for national Coach-of-the-Year honors, Rose garnered the Atlantic 10's Coach-of-the-Year award in 1984, '85, '87, '88, '89 and '90.

Throughout his career, Rose has been called upon to share his expertise with the coaches and players who represent the United States in international competition. In the spring of 1989, Rose was selected to serve as an assistant coach with the United States men's national team during exhibition series against Canada and the Soviet Union.

His involvement on the international scene was to have continued in July of that year, but personal commitments and time constraints prevented him from accepting the position as head coach of the U.S. women's team to the Maccabiah Games.

In the summer of 1990, Rose accepted an invitation to work with members of the United States men's national and developmental teams during training camp in San Diego. He later assisted in matches pitting the U.S. men's team against Canada and the U.S. women's team against China.

An instructor in the USVBA coaches certification program, Rose has served as a national referee and evaluator and state director for volleyball for the Special Olympics.

Rose was a member of the NCAA Division I Volleyball Committee for six years and the NCAA representative to the United States Volleyball Association Rules Committee.

Rose was the head coach of the United States men's team which won the bronze medal at the 1985 Maccabiah Games. He directed the U.S. women's team to a silver medal at the 1981 Maccabiah competition. Rose won two bronze medals as an assistant coach in 1982 and as head coach in 1983 for the East women's team at the National Sports Festival.

An active clinician, Rose also coached professional volleyball in Puerto Rico in 1976 and started the island's first junior program.

A 1975 graduate of George Williams College, Rose was a member of the school's 1974 team that won the National Association for Intercollegiate Athletics national championship. He was the captain of the 1975 team that finished third in NAIA competition.

Following graduation, Rose remained at George Williams for two years as a part-time coach, helping the women's team win two state titles and place sixth in national competition. He also assisted the men's team that won another national championship in 1977.

In 1978, he completed his master's degree at Nebraska, where he was the defensive coach for the Cornhusker women. While writing his thesis on volleyball statistics, he led the second team to a two-year mark of 52-5.

In the spring of 1986, Rose married Lori Barberich, a former three-time All-American at Penn State. They are the parents of three sons, Jonathan, Michael and Christopher.

gram has to rally around certain concepts. At Penn State, we play hard, controlled defense, which means every player pursues every ball or they are taken out. I believe if you train hard, then the game appears to be easy. Our defensive philosophy is to keep every ball in play — every day of each season."

Student-Athlete

"The term student-athlete is a very valid one here at Penn State and in the Big Ten. I recruit not only quality athletes, but quality students as well. There is no question in my mind that the well-rounded individual will be better prepared to deal with the challenges faced in life. The programs available at Penn State are geared for success. The opportunity to pursue your potential, both academically and athletically, is in place and working well at Penn State.

"I demand a commitment both to academics and athletics. I take great pride in the fact that every young woman who has entered our program and completed her playing eligibility has received or is on target to receive her degree. Rankings of the 28 athletic programs on campus reveal that the women's volleyball team annually posts one of the highest cumulative grade-point averages. With proper emphasis on the importance of maintaining high academic standards, I know we will achieve continual success."

The Big Ten Conference

"The Big Ten is one of the premier athletic conferences in the nation. It is a conference fully committed to the pursuit of excellence. The opportunity to play in the Big Ten enhances our program. The excitement generated by the athletes and fans at matches is great for the sport. It's a great environment in which to compete."

Special Olympics Night offers an opportunity for fans and players to interact during post-match activities.

Karin Wallenstein
Assistant Coach

Karin Wallenstein, a former player and graduate assistant coach at Indiana University, is in her third season as an assistant coach at Penn State.

Her responsibilities include recruiting, player skill development and serving as assistant camp director.

Wallenstein's resume includes 10 years of coaching at the collegiate, club and high school levels. She has served as head coach of the Hoosier Volleyball, Indiana Juniors, and Hoosier Heartland Juniors clubs.

Her duties as an instructor at Indiana's volleyball camps included organization and development of schedules, instruction and counseling.

OUTLOOK

Despite Personnel Changeover, Penn State Again Capable Of Run At Big Ten Title

Although only two of its four returning starters are upperclassmen, Penn State could figure prominently in what should be a wide open race for the 1992 Big Ten Conference championship.

The Lady Lion volleyball team has been experiencing a changing of the guard the past two seasons, graduating five starters, including a setter and three All-Americans. When Leanne Kling, Kim Kumfer and Erika Spencer complete their eligibility after this season, the final links to the 1990 team, which went undefeated during the regular-season and advanced to the NCAA Mideast Regional final, will be broken.

However, the Lady Lions' second-place finish in the Big Ten last season showed that the program's winning tradition will be perpetuated by a spirited group of team players. With an infusion of talent from across the nation, Penn State certainly is capable of repeating or besting that performance.

The marquee players are senior All-America Leanne Kling, a starter at middle hitter since her sophomore season; setter Salima Davidson, who won all-conference and all-region honors in her firs' season of collegiate competition; outside hitter Kim Kumfer, the heir apparent to Noelle Zientara's position as Penn State's all-time leader in digs; and Jenny Myszewski, the team's most consistent offensive performer at the end of the 1991 campaign.

The hallmark of a champion, however, is a strong supporting cast, and Penn State head coach Russ Rose has long recognized the value of cultivating quality depth. His squad of backrow specialists is among the finest in the nation and the players on the bench are always prepared to enter a contest and contribute in a positive fashion at a moment's notice.

Rose has targeted the areas where Penn State must be most proficient if it is to emerge victorious in 75 percent of its conference matches, as it did in 1991.

"If our ball control is solid, we'll have a good team," stated the veteran coach who embarks on his 14th season as the head man at Penn State. "We'll be a better blocking team because we're taller overall than we were last year. We'll have to rely on better offensive execution on serve receive and transition and we'll have to serve tougher, be more aggressive from the end line.

"Individually, Leanne and Salima have to develop new offensive patterns that can maximize their effectiveness. Leanne is going to get her kills, but we can't rely totally on her. The others have to step up and put the ball on the floor."

Last fall, in its inaugural season as a member of the perennially strong Big Ten, Penn State led the conference in hitting efficiency (.247) and digs per game (19.22) and ranked second in kills per game (14.87) and assists per game (13.09) and third in blocks per game (3.01).

Kling was the conference leader in hitting efficiency (.323) and blocks per game (1.45). Two other Lady Lions finished atop statistical categories. Davidson, as a redshirt freshman, ranked first in assists per game (11.67) and Kumfer outdistanced all Big Ten players in digs per game (4.25).

Similar numbers this season could put the Lady Lion volleyball team in a position to become the first Penn State team to win a Big Ten championship.

"On paper, Illinois is the team to beat," Rose commented. "Penn State and five or six other schools all are capable of contending for the Big Ten title.

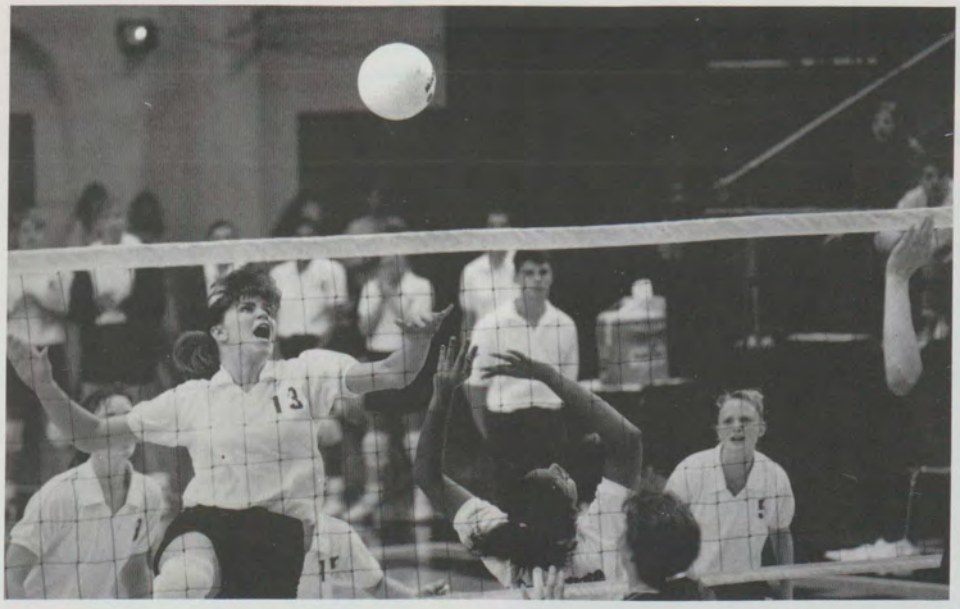
"For us to win it, we have to remain healthy all season and have a couple of players come up real big for us. We know Kim Kumfer is a great passer and defensive player. Salima has great setting skills. Leanne and Jenny Myszewski are solid attackers.

"We need two other players to step forward and provide the necessary offensive and ball-handling skills that will allow us to be competitive every match."

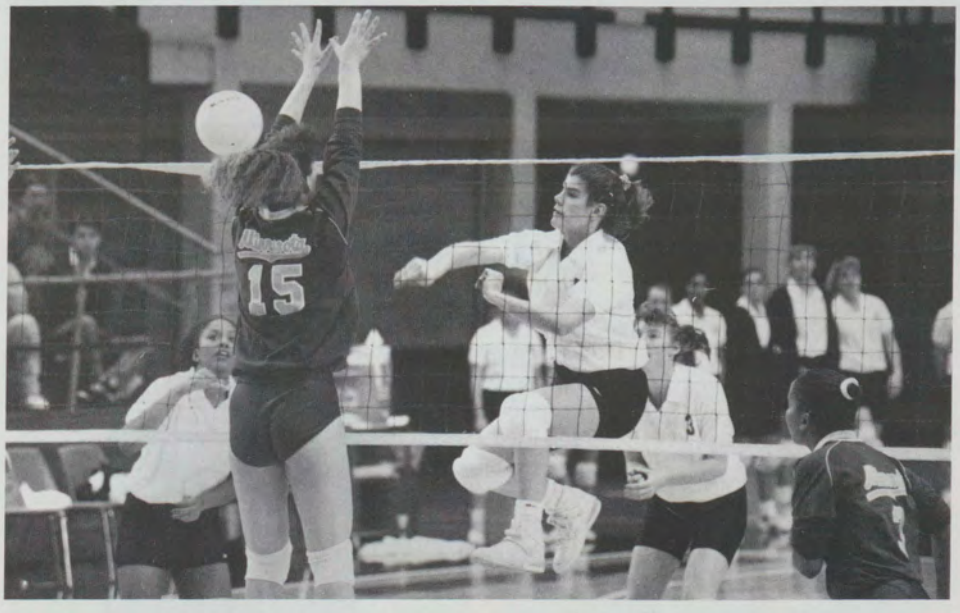
Penn State endures the hardships of travel more than any other Big Ten team, due in large part to the distance between University Park and the other 10 member institutions. Considering that factor alone, the Lady Lions' second-place finish in 1991 glows even brighter.

"You can never be disappointed finishing second in the Big Ten," Rose noted. "It's a great conference, one of the best in the United States. Our players saw what it takes to be successful in the Big Ten. It's the best team that wins, not necessarily the one with the best players."

Good chemistry already exists between



All-American Leanne Kling was the Big Ten Conference co-leader in hitting percentage and blocks per game in 1991.



Sophomore middle blocker Jenny Myszewski made a significant impact in her rookie season, ranking among the Big Ten leaders in hitting efficiency and blocks per game.

the four returning starters: Kling and Myszewski in the middle, Davidson, the setter, and Kumfer on the outside. The candidates for the two other hitting positions are sophomores Jen Reimers and Laura Cook and freshmen Zeynep Ton, Rachel Sky-Stiskin and Zoe Clarke-Williams.

Sophomore Saundi Lamoureux exhibited great promise last season and she likely will see considerable time either in the middle or on the right side. The backup setter is freshman Andrea Boner, a multi-talented athlete who can play a variety of positions.

The backrow corps is exceptional. Rose has the luxury of calling on senior Erika Spencer and junior Angie Farlow for defensive support he knows will be delivered.

As far as postseason goals are concerned, Rose believes in allowing his players' actions on the court to set the course.

"I never look that far down the road. The players in the program know what type of sacrifice it takes to be successful," Rose observed. "How good we will be will depend on whether everybody stays healthy, how much our younger players improve during the course of the season, and how hard we practice and compete in every match."

Penn State's non-conference schedule consists of 10 matches, including nine in tournaments. After opening at Baton Rouge, La., against Louisiana State, a Final Four participant the past two seasons, and Pac 10 power Washington, the Lady Lions return home to host two tournaments. From September 11 to October 10, Penn State will play 11 of 13 matches in Rec Hall, where Rose's teams have posted a 166-8 record (95.4 percent) since 1980.

The Big Ten opener is against Northwestern on September 25 at University Park.
